Falck Sustainability Report 2017

The services that Falck provides are closely linked to sustainability.

Social, ethical and environmental concerns are a fundamental element of everyday operations at Falck. As such, Falck's approach to sustainability is essential to our purpose of saving and improving lives.

The 2017 edition of Falck's Sustainability Report outlines our course towards building a Falck that is sustainable, both socially as well as economically.

President and CEO of Falck, Jakob Riis, says:

- I am confident, that even though Falck will continue to undergo change in the coming years, the process will only strengthen our approach to sustainability.

About Falck

For more than a century, Falck has worked with local and national governments to prevent accidents, diseases and emergency situations, to rescue and assist people in emergencies quickly and competently and to rehabilitate people after illness or injury. This has made Falck an international leader in emergency response and healthcare services.

Falck operates in 30 countries and has approximately 27,000 employees.
